Early withdrawal penalties

We will impose a penalty if you withdraw any of the principal before the maturity date. The fee imposed will vary, depending on the term of your certificate, as follows:

12 months up to and including 35 months

36 months or more

Fee Imposed:

365 days' daily compound interest on the principal amount withdrawn

Withdrawal of interest prior to maturity

The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Renewal policies

This account will not renew automatically at maturity unless otherwise noted on the front of your certificate. If the certificate automatically renews, you will have seven (7) calendar days after the maturity date to make one withdrawal of funds without penalty. A penalty will be imposed on subsequent withdrawals as disclosed in the Early withdrawal penalties section within this disclosure. If you do not renew the certificate, your deposit will be placed in an interest-bearing, Post-Maturity savings account. Please refer to the accompanying Rate Sheet and the below Post-Maturity account disclosure for details about the Post-Maturity savings account.
